Description

NEW for 2017

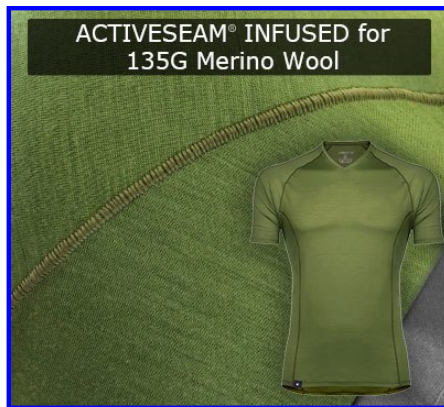

The MB-4DFO 2 Series is a NEW category of sewing machines designed by Merrow to produce ActiveSeam®. The platform (2.1, 2.2, 2.3, 2.4) are a two or three- thread premier industrial serger that sews three versions of the Merrow ActiveSeam. ActiveSeam 2 is a NEW flat overlock stitch that provides an **ALTERNATIVE TO FLATLOCK, INTERLOCK AND OVERLOCK STITCHING** on sewn garments.
